

GROMMETS AND BELLOWS

Technoflex Rubber Products (An ISO 9001:2015 certified company) is located in Rubber Park, Airapuram, which has been organized for Design and Manufacturing of all type of Rubber, Polyurethane, Plastics Products and Metal Components.

When we believe innovation is the key component to remain as the market leader, we cannot refrain from introducing wide range and variety of Moulded and Extruded products and the moulds for manufacturing those components.

INTRODUCTION FOR GROMMETS

- ❖ Grommets are Inserts made of Rubber or otherwise know as Custom Elastomeric Inserts used to protect or coverth drilled holes.

- ❖ Technoflex Rubber Products are manufacturing Grommets for customized requirements for different application especially in Electrical Components, Transformers, Switch Gears, Aero Space applications, Electronic Equipments etc.

- ❖ These grommets are designed to protect wires and cables while passing through a panel, helps eliminate sharp edges so your wires are protected and add aesthetic value to your application and also grommets are used as bush for noise and vibration dampening in a range of application.

Introduction for Bellows

- ❖ Technoflex Rubber Products designs and manufacture a wide range of Rubber Bellows for different application.
- ❖ TFRP bellows are designed to protect the equipment against Dust, Water, Oil, Grease, Spatter and also from direct pressure.

- ❖ Technoflex are manufacturing the bellows by customers specific application requirements. By using special manufacturing technology and precisely selected material to provide the best protection for your equipments.
